3M™ PF20.1 Privacy Filter for Desktop LCD Monitor 20.1"

3M ID 98044054116

3M privacy and protection products work simply and beautifully on most of today's monitors to help protect your screens, and help keep the information displayed on them private. Ingenious microlouvre technology delivers world-class effective privacy. You get crisp image clarity on your monitor, while visual hackers with side views are kept in the dark.

- Effective 'black out' privacy from side views outside the 60-degree viewing angle
- Helps reduce reflections so you see your screen clearly with pristine image clarity
- Reversible between a glossy side and glare-reducing matte
- Designed with advanced microlouvre technology, creating an excellent high-resolution viewing experience
- Matte surface helps reduce glare and hide fingerprints
- Easy to attach, remove and clean
- Adds an extra layer of protection from everyday scratches and dust
- Designed to seamlessly fit within the raised bezel of your device
- Reduces 35% of blue light transmission from the display
- 100% hand inspected for quality assurance
- Desktop monitor user working in sensitive areas. Open plan offices, open reception areas
- Protecting confidential/sensitive information - customer, commercial, medical, government, e-examination
