

Speaker - 3" Diameter - 4 Ohm 3 Watt

PRODUCT ID: 1314

Description

Listen up! This 3" diameter speaker cone is the perfect addition to any audio project where you need an 4 ohm impedance and 3W or less of power. We particularly like this cone as it has 4 handy mounting tabs 60mm apart.

Works great with our class D amplifier board.

Technical Details

- o Weight: 50.48g
- o Dimensions: 77.8mm x 77.8mm x 25.49 / 3.06" x 3.06" x 1"
