

Pi Model A+ Case Base - Smoke

PRODUCT ID: 2361

- Now that we have The Single Greatest Raspberry Pi Model A+ Case Ever - we decided to make it even better by adding COLORS!!!!

Mix and match snap-on lids and bases to form your favorite combinations. Buy one base then match different colored lids to your room or outfit. Or *buy all of them* so that you can adjust your Pi A+'s case based on your mood, your favorite sports team, or even your aura.

With 49 unique combinations, the possibilities are fun, colorful and (almost) endless!

This is just the base of the Raspberry Pi Model A+ case.

This is the smoke-colored base. It reminds us of cold, moonless nights and Bauhaus concerts. Check out our other colors!

This enclosure was designed by Mike Doell. It's made of ultra-durable, super-glossy polycarbonate, and is both good looking and tough enough to toss into your bookbag or toolbox. It has slim openings for all your cables, an easy-to-remove beveled slot for your Micro SD card, slots for both your Pi Camera and upcoming Display, and a space for your GPIO cable to extend out from the Pi.

The Pi snaps into the base and the lid fits snugly onto the top. If you want to break out your Pi you can use your case without the lid and add hats to your A+ with ease.

This case works for the Raspberry Pi Model A+ only. It does not work for the Raspberry Pi Model A, B, B+, or Pi 2.

No Raspberry Pi included. This is just the base of the case and no lid is included.

Technical Details

Base Dimensions: 73mm x 63mm x 26mm / 2.9" x 2.5" x 1"

Base Weight: 25g
