WXDV 120Code No. : **T0051320499**

WXDV 120 Desoldering Iron

Inline Desoldering Iron 120 W, 24 V.

Desoldering iron for electronics rework with internal solder reservoir. For vertical handling

Technical data

Supply voltage:	24 V
Heating output:	120W
Heat-up time:	ca.32 s (50°Cto 350°C) (120°Fto 660°F)
Temperature range:	100°C - 450°C (212°F - 850°F)
Tip type:	XDS series
Connectable to:	WXD 2
