

Pure Copper Heatsink Pack for LattePanda (5 pcs)

SKU: FIT0506

INTRODUCTION

This tiny little orange heatsink is a perfect solution for cooling off small surface-mount components such as stepper motor drivers, CPUs on LattePanda or a similar mini PC. It is made of pure copper to increase heat dissipation and transfer for your machine running cooler in summer. A total of 5 pieces in this pack can cover all heat sources to ensure your LattePanda working at a stable temperature.

These heatsinks will also fit perfectly inside wood and acrylic [LattePanda cases/acrylic](#).
