## HRC Fuse Links Class of Operation gL/gG, 690V ac 440V dc 6 to 630 Amps Sizes 00 to 3

NH

Catalog Symbol: NH\_G-690

Approvals: IEC269,VDE 0636

**Description:** A square bodied range of industrial fuse links

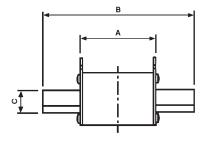

for wide variety of applications where 690V is needed.

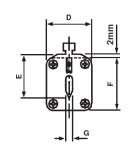

Packaging: All fuse links are packed in 3's.

Standards: DIN43620 Part 1

Ordering Code: Rating/Type/Body Size/Category

e.g. 100NH2G-690

| Technical Data:          |                                 |
|--------------------------|---------------------------------|
| Rated Voltage:           | 690V ac / 440V dc               |
| Rated Breaking Capacity: | 50kA                            |
| Rated Frequency:         | 50 Hz                           |
| Operating Frequency:     | 45 - 62 Hz                      |
| Selectivity:             | 1 : 1.6 up to 690V ac           |
|                          | 1 : 1.25 up to 380V ac          |
| Design - Insulator:      | Ceramic                         |
| - Metal Parts:           | Corrosion-proof (top plate also |
|                          | galvanic plated)                |
| Contact Blades:          | Full contact blades,            |
|                          | silver plated copper.           |
| Protection Type:         | IP 00 according to DIN40050     |
| Dimensions:              | DIN 43620                       |
| Tests:                   | VDE 0636/21 (RS 5126-75)        |
| Constancy of             |                                 |
| Characteristics:         | Resistant to ageing.            |
| On/Off Indicator:        | Spring indicator, minimum       |
|                          | operating voltage 10V           |
| Mechanical Stress:       | Vibrations 7 up to 50 Hz        |
|                          | with 1 g, shocks with 5 g       |

#### **Time Current Characteristics for Size 3**

Size 3 Details:

Approvals: CEBEC

Rated Currents: 315, 355, 400, 425, 500, and 630 Amps

Weight: 1.0 kg.
