

Wave LED

WAL026445

Old item no.:

**Wave LED T45 Wh 206 840 5D CLA NA**

Wave LED is an illuminated magnifier for industrial applications. No knobs to tighten, nothing to adjust - a flexible, self-balancing shade and hands-free neck assembly combined with 45" heavy-duty internal-spring parallel, three-pivot K-arm, allows the lamp head to be secured in any position. The fully-enclosed neck design is ideal for environments where FOD is a concern. An automatic shut-off feature and step dimming further ensures energy savings. WAVE LED offers shadow-free 5-diopter (2.25X) magnification with light coming from both sides, as well as three-dimensional magnification lighting from the left or right. The 3D-feature is especially welcome when working with circuit board and similar delicate objects. Edge clamp mount. Color: white.

**Lightsource**

Number of lamps	2
Lightsource	LED
CRI and/or Color Temperature	80 CRI, 4000K
Lamp power (W)	12
Lumen/Watt	46
Lumen Out	600
LLMF LED 50000h Ta25	0.80

Optic

Primary Lens (D)	5
Working distance (mm)	200
Magnification (X)	2.25

Technical data

Maximum ambient temperature (°C)	25
IP classification	20

Electrical data

Voltage from (V)	230
Maximum voltage (V)	240
Maximum frequency (Hz)	60
Minimum frequency (Hz)	50
Total consumption (W)	13

Termination

Plug type	N A
Cord length (ft)	5
Mounting	Edge clamp

Dimensions

Net weight (kg)	3,6
Arm length (in.)	45

Body

Body color	White
