

Breadboard Mini Self-Adhesive Red

Solderless breadboard with a total of 170 contact points. It's made of red plastics, conveniently small in size and can easily integrate into any design. Breadboard contains self-adhesive tape at the bottom, which makes it easy to stick to your PCB or other surface. Contact points are in standard 100 mil distance distribution. Board has interlocking parts, so you can hook as many together as you would like.

CUSTOMIZATION: We can modify our products to suit your requirements, click [here for details](#).
