

## 7012X Series Bright★Chips™ High Brightness SMT LEDs 0805 Package Size Description and Features

- Premium brightness in miniature chip-type LED assemblies.
- Ideally suited for applications such as telecommunications, dataprocessing peripherals and networking units as replacements for through-hole products.
- Also ideal for backlighting or light pipe applications.
- Compact size: 2mm wide x 1.25mmdeep x 1mm high
- 4000 pieces per reel

- Integral reflection cup maximizes output
- Compatible with full range of IR and vapor phase reflow processes, and conductive adhesives, to facilitate high-speed board loading.
- Packaged for automatic component placement in pocketed anti-static tape reels.
- Refer to "Solder Pad Geometry 3.pdf"

## **Electro-Optical Characteristics and Ratings**
